

SECURITY and MANAGEMENT CONTROL OUTSOURCING STANDARD for NON-CHANNELERS

The goal of this document is to provide adequate security and integrity for criminal history record information (CHRI) while under the control or management of an outsourced third party, the Contractor. Adequate security is defined in Office of Management and Budget Circular A-130 as “security commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to or modification of information.”

The intent of this Security and Management Control Outsourcing Standard (Outsourcing Standard) is to require that the Contractor maintain a security program consistent with federal and state laws, regulations, and standards (including the FBI Criminal Justice Information Services (CJIS) Security Policy) as well as with rules, procedures, and standards established by the Compact Council and the United States Attorney General.

This Outsourcing Standard identifies the duties and responsibilities with respect to adequate internal controls within the contractual relationship so that the security and integrity of the Interstate Identification Index (III) System and CHRI are not compromised. The standard security program shall include consideration of site security, dissemination restrictions, personnel security, system security, and data security.

The provisions of this Outsourcing Standard are established by the Compact Council pursuant to 28 CFR Part 906 and are subject to the scope of that rule. They apply to all personnel, systems, networks, and facilities supporting and/or acting on behalf of the Authorized Recipient to perform noncriminal justice administrative functions requiring access to CHRI without a direct connection to the FBI CJIS Wide Area Network (WAN).

1.0 Definitions

- 1.01 *Access to CHRI* means to use, exchange, retain/store, or view CHRI obtained from the III System but excludes direct access to the III System by computer terminal or other automated means by Contractors other than those that may be contracted by the FBI or state criminal history record repositories or as provided by title 42, United States Code, section 14614(b).
- 1.02 *Authorized Recipient* means (1) a nongovernmental entity authorized by federal statute or federal executive order to receive CHRI for noncriminal justice purposes, or (2) a government agency authorized by federal statute, federal executive order, or state statute which has been approved by the United States Attorney General to receive CHRI for noncriminal justice purposes.
- 1.03 *Chief Administrator*, as referred to in Article I(2)(B) of the Compact, means the primary administrator of a Nonparty State’s criminal history record

repository or a designee of such administrator who is a regular full-time employee of the repository.

- 1.04 *CHRI*, as referred to in Article I(4) of the Compact, means information collected by criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, or release; but does not include identification information such as fingerprint records if such information does not indicate involvement of the individual with the criminal justice system.
- 1.05 *Criminal History Record Check*, for purposes of this Outsourcing Standard only, means an authorized noncriminal justice fingerprint-based search of a state criminal history record repository and/or the FBI system.
- 1.06 *Compact Officer*, as provided in Article I(2) of the Compact, means (A) with respect to the Federal Government, an official [FBI Compact Officer] so designated by the Director of the FBI [to administer and enforce the compact among federal agencies], or (B) with respect to a Party State, the chief administrator of the State's criminal history record repository or a designee of the chief administrator who is a regular full-time employee of the repository.
- 1.07 *Contractor* means a government agency, a private business, non-profit organization or individual, that is not itself an Authorized Recipient with respect to the particular noncriminal justice purpose, who has entered into a contract with an Authorized Recipient to perform noncriminal justice administrative functions requiring access to CHRI.
- 1.08 *Dissemination* means the disclosure of CHRI by an Authorized Recipient to an authorized Contractor, or by the Contractor to another Authorized Recipient consistent with the Contractor's responsibilities and with limitations imposed by federal and state laws, regulations, and standards as well as rules, procedures, and standards established by the Compact Council and the United States Attorney General.
- 1.09 *Noncriminal Justice Administrative Functions* means the routine noncriminal justice administrative functions relating to the processing of CHRI, to include but not limited to the following:
1. Making fitness determinations/recommendations
 2. Obtaining missing dispositions
 3. Disseminating CHRI as authorized by Federal statute, Federal Executive Order, or State statute approved by the United States Attorney General
 4. Other authorized activities relating to the general handling, use, and storage of CHRI

- 1.10 *Noncriminal Justice Purposes*, as provided in Article I(18) of the Compact, means uses of criminal history records for purposes authorized by federal or state law other than purposes relating to criminal justice activities, including employment suitability, licensing determinations, immigration and naturalization matters, and national security clearances.
- 1.11 *Outsourcing Standard* means a document approved by the Compact Council after consultation with the United States Attorney General which is to be incorporated by reference into a contract between an Authorized Recipient and a Contractor. The Outsourcing Standard authorizes access to CHRI, limits the use of the information to the purposes for which it is provided, prohibits retention and/or dissemination except as specifically authorized, ensures the security and confidentiality of the information, provides for audits and sanctions, provides conditions for termination of the contract, and contains such other provisions as the Compact Council may require.
- 1.12 *Physically Secure Location* means a location where access to CHRI can be obtained, and adequate protection is provided to prevent any unauthorized access to CHRI.
- 1.13 *Positive Identification*, as provided in Article I(20) of the Compact, means a determination, based upon a comparison of fingerprints¹ or other equally reliable biometric identification techniques, that the subject of a record search is the same person as the subject of a criminal history record or records indexed in the III System. Identifications based solely upon a comparison of subjects' names or other non-unique identification characteristics or numbers, or combinations thereof, shall not constitute positive identification.
- 1.14 *Public Carrier Network* means a telecommunications infrastructure consisting of network components that are not owned, operated, and managed solely by the agency using that network, i.e., any telecommunications infrastructure which supports public users other than those of the agency using that network. Examples of a public carrier network include but are not limited to the following: Dial-up and Internet connections, network connections to Verizon, network connections to AT&T, ATM Frame Relay clouds, wireless networks, wireless links, and cellular telephones. A public carrier network provides network services to the public; not just to the single agency using that network.

¹ The Compact Council currently defines positive identification for noncriminal justice purposes as identification based upon a qualifying ten-rolled or qualifying ten-flat fingerprint submission. Further information concerning positive identification may be obtained from the FBI Compact Council office.

1.15 *Security Violation* means the failure to prevent or failure to institute safeguards to prevent access, use, retention, or dissemination of CHRI in violation of: (A) Federal or state law, regulation, or Executive Order; or (B) a rule, procedure, or standard established by the Compact Council and the United States Attorney General.

2.0 *Responsibilities of the Authorized Recipient*

2.01 Prior to engaging in outsourcing any noncriminal justice administrative functions, the Authorized Recipient shall: (a) Request and receive written permission from (1) the State Compact Officer/Chief Administrator² or (2) the FBI Compact Officer³; (b) provide the Compact Officer/Chief Administrator copies of the specific authority for the outsourced work, criminal history record check requirements, and/or a copy of relevant portions of the contract as requested; and (c) inquire of the FBI Compact Officer whether a prospective Contractor has any security violations (See Section 8.04). The FBI Compact Officer will report those findings to the Authorized Recipient and, when applicable, to the State Compact Officer/Chief Administrator.

2.02 The Authorized Recipient shall execute a contract or agreement prior to providing a Contractor access to CHRI. The contract shall, at a minimum, incorporate by reference and have appended thereto this Outsourcing Standard.

²The Compact Officer/Chief Administrator may not grant such permission unless he/she has implemented a combined state/federal audit program to, at a minimum, triennially audit a representative sample of the Contractors and Authorized Recipients engaging in outsourcing with the first of such audits to be conducted within one year of the date the Contractor first receives CHRI under the terms of the contract. A representative sample will be based on generally accepted statistical sampling methods.

³State or local Authorized Recipients based on State or Federal Statutes shall contact the State Compact Officer/Chief Administrator. Federal or Regulatory Agency Authorized Recipients shall contact the FBI Compact Officer.

- 2.03 The Authorized Recipient shall, in those instances when the Contractor is to perform duties requiring access to CHRI, specify the terms and conditions of such access; limit the use of such information to the purposes for which it is provided; limit retention of the information to a period of time not to exceed that period of time the Authorized Recipient is permitted to retain such information; prohibit dissemination of the information except as specifically authorized by federal and state laws, regulations, and standards as well as with rules, procedures, and standards established by the Compact Council and the United States Attorney General; ensure the security and confidentiality of the information to include confirmation that the intended recipient is authorized to receive CHRI; provide for audits and sanctions; provide conditions for termination of the contract; and ensure that Contractor personnel comply with this Outsourcing Standard.
- a. The Authorized Recipient shall conduct criminal history record checks of Contractor personnel having access to CHRI if such checks are required or authorized of the Authorized Recipient's personnel having similar access.⁴ The Authorized Recipient shall maintain updated records of Contractor personnel who have access to CHRI and update those records within 24 hours when changes to that access occur and, if a criminal history record check is required, the Authorized Recipient shall maintain a list of Contractor personnel who successfully completed the criminal history record check.
 - b. The Authorized Recipient shall ensure that the Contractor maintains site security.
 - c. The Authorized Recipient shall ensure that the most current version of both the Outsourcing Standard and the CJIS Security Policy are incorporated by reference at the time of contract, contract renewal, or within 30 calendar days (unless otherwise directed) of notification of successor versions of the Outsourcing Standard and/or CJIS Security Policy, whichever is sooner. The Authorized Recipient shall notify the Contractor within 30 calendar days (unless otherwise directed) of FBI notification regarding changes or updates to the Outsourcing Standard and/or CJIS Security Policy.

⁴If a national criminal history record check of government personnel having access to CHRI is mandated or authorized by a state statute approved by the Attorney General under Public Law 92-544, the State Compact Officer/Chief Administrator must ensure Contractor personnel having similar access are either covered by the existing law or that the existing law is amended to include such Contractor personnel prior to authorizing outsourcing initiatives. The national criminal history record checks of Contractor personnel with access to CHRI cannot be outsourced and must be performed by the Authorized Recipient.

- 2.04 The Authorized Recipient shall understand the communications and record capabilities of the Contractor which has access to federal or state records through, or because of, its outsourcing relationship with the Authorized Recipient. The Authorized Recipient shall maintain an updated topological drawing which depicts the interconnectivity of the Contractor's network configuration.
- 2.05 The Authorized Recipient is responsible for the actions of the Contractor and shall monitor the Contractor's compliance to the terms and conditions of the Outsourcing Standard. The Authorized Recipient shall certify to the Compact Officer/Chief Administrator that an audit was conducted with the Contractor within 90 days of the date the Contractor first receives CHRI under the terms of the contract.
- 2.06 The Authorized Recipient shall provide written notice of any early voluntary termination of the contract to the Compact Officer/Chief Administrator or the FBI Compact Officer.

3.0 *Responsibilities of the Contractor*

- 3.02 The Contractor shall develop and document a Security Program to comply with the current Outsourcing Standard and any revised or successor Outsourcing Standard. The Security Program shall describe the implementation of the security requirements described in this Outsourcing Standard, the associated Security Training Program, and the reporting guidelines for documenting and communicating security violations and corrective actions to the Authorized Recipient. The Security Program shall be subject to the written approval of the Authorized Recipient.
- 3.03 The Contractor shall be accountable for the management of the Security Program. The Contractor shall be responsible for reporting all security violations of this Outsourcing Standard to the Authorized Recipient.
- 3.04 Except when the training requirement is retained by the Authorized Recipient, the Contractor shall develop a Security Training Program for all Contractor personnel with access to CHRI prior to their appointment/assignment. The Authorized Recipient shall review and provide to the Contractor written approval of the Security Training Program. Training shall be provided upon receipt of notice from the Compact Officer/Chief Administrator on any changes to federal and state laws, regulations, and standards as well as with rules, procedures, and standards established by the Compact Council and the United States Attorney General. Annual refresher training shall also be

provided. The Contractor shall annually, not later than the anniversary date of the contract, certify in writing to the Authorized Recipient that annual refresher training was completed for those Contractor personnel with access to CHRI.

- 3.05 The Contractor shall make its facilities available for announced and unannounced audits performed by the Authorized Recipient, the state, or the FBI on behalf of the Compact Council.
- 3.06 The Contractor's Security Program is subject to review by the Authorized Recipient, the Compact Officer/Chief Administrator, and the FBI CJIS Division. During this review, provision will be made to update the Security Program to address security violations and to ensure changes in policies and standards as well as changes in federal and state law are incorporated.
- 3.07 The Contractor shall maintain CHRI only for the period of time necessary to fulfill its contractual obligations but not to exceed the period of time that the Authorized Recipient is authorized to maintain and does maintain the CHRI.
- 3.08 The Contractor shall maintain a log of any dissemination of CHRI.

4.0 *Site Security*

- 4.01 The Authorized Recipient shall ensure that the Contractor site(s) is a physically secure location to protect against any unauthorized access to CHRI.

5.0 *Dissemination*

- 5.02 An up-to-date log concerning dissemination of CHRI shall be maintained by the Contractor for a minimum one year retention period. This log must clearly identify: (A) The Authorized Recipient and the secondary recipient with unique identifiers, (B) the record disseminated, (C) the date of dissemination, (D) the statutory authority for dissemination, and (E) the means of dissemination.

6.0 *Personnel Security*

- 6.01 If a local, state, or federal written standard requires or authorizes a criminal history record check of the Authorized Recipient's personnel with access to CHRI, then a criminal history record check shall be required of the Contractor's employees having access to CHRI. The criminal history record check of Contractor employees at a minimum will be no less stringent than

the criminal history record check that is performed on the Authorized Recipient's personnel performing similar functions. Criminal history record checks must be completed prior to performing work under the contract.

- 6.02 If a local, state, or federal written standard requires a criminal history record check for non-Contractor personnel who work in a physically secure location, then a criminal history record check shall be required for these individuals, unless these individuals are escorted by authorized personnel at all times. The criminal history record check for these individuals at a minimum will be no less stringent than the criminal history record check that is performed on the Authorized Recipient's non-Contractor personnel performing similar functions. Criminal history record checks must be completed prior to performing work under the contract.

The Contractor shall confirm in writing that each employee has certified in writing that he/she understands the Outsourcing Standard requirements and laws that apply to his/her responsibilities. The Contractor shall maintain the employee certifications in a file that is subject to review during audits. Employees shall make such certification prior to performing work under the contract.
- 6.04 The Contractor shall maintain updated records of personnel who have access to CHRI, update those records within 24 hours when changes to that access occur, and if a criminal history record check is required, maintain a list of personnel who have successfully completed criminal history record checks. The Contractor shall notify Authorized Recipients within 24 hours when additions or deletions occur.

7.0 *System Security*

- 7.01 The Contractor's security system shall comply with the CJIS Security Policy in effect at the time the Outsourcing Standard is incorporated into the contract and with successor versions of the CJIS Security Policy.
- a. If CHRI can be accessed by unauthorized personnel via Wide Area Network/Local Area Network or the Internet, then the Contractor shall protect the CHRI with firewall-type devices to prevent such unauthorized access. These devices shall implement a minimum firewall profile as specified by the CJIS Security Policy in order to provide a point of defense and a controlled and audited access to CHRI, both from inside and outside the networks.
 - b. Data encryption shall be required throughout the network passing CHRI through a shared public carrier network.

- 7.02 The Contractor shall provide for the secure storage and disposal of all hard copy and media associated with the system to prevent access by unauthorized personnel.
- a. CHRI shall be stored in a physically secure location.
 - b. The Authorized Recipient shall ensure that a procedure is in place for sanitizing all fixed storage media (e.g., disks, drives, backup storage) at the completion of the contract and/or before it is returned for maintenance, disposal, or reuse. Sanitization procedures include overwriting the media and/or degaussing the media.
